

IN SUM search strategies

Date for **initial search**: 26th of March 2015

Total number of hits from all databases: **41 306**

Total number of hits after removing duplicates: **34 796**

Date for **update search**: 16th of February 2017

Total number of hits from all databases: **12 944**

Total number of hits after removing duplicates: **10 238**

Continuing monthly updates via e-mail alerts

Date for search in Cochrane Library and Campbell Library 15th of November 2016

Total number of hits: **2 581**

Continuing monthly manual searches in both databases.

We also do monthly manual searches in reports published by the Norwegian Institute of Public Health and the Swedish Agency for Health Technology Assessment and Assessment of Social Services.

Search strategies developed by: Sølvi Biedilæ, Karianne Hammerstrøm Nilsen and Brynhildur Axelsdóttir, Regional Centre for Child and Adolescent Mental Health, Eastern and Southern Norway.
